

I. AMENDMENTS

In the Specification:

Please amend paragraph 0025 in the specification as follows:

[0025] Processor ~~202~~ 204 directs transmitter 202 to transmit at particular intervals of time. Direction for transmitting may include specification of any or all of data to transmit, signaling protocol, signal modulation or frequency, and transmit power. Transmit power may be specified as a budget for a period of time during which several transmissions are made, or specified as a magnitude to be used for one or more particular transmissions. Processor ~~202~~ 204 also directs receiver 218 to use a particular receiver sensitivity for receiving signals at particular intervals of time.
